IL. Rep. Bobby Rush
First Congressional District
11750 So. Western Avenue
Chicago, IL 60643

Greetings Congressman RUSH,

This is an urgent appeal by a veteran, to a Veteran, for the veterans of Chicago to add your immediate support to House Bill HR-5222 and to join the already support by your Illinois Congressional colleagues serving in Cook County for this long overdue recognition for our "America's Forgotten."

Your direct SPONSOR on HR-5222, along with Illinois fifth district Rep. Mike Quigley (soon to be added as the seventh from Cook Cty-IL.) are the last two remaining Representatives serving our Cook County area veterans that has yet to give full support to these now Seniors, in their prime mid-80's to nineties, who had once severed during the Korea Conflict Era, a time when the draft was mandatory.

Some elected members and their staff in the 115th US Congress still feel these elder Senior citizens of the Korean Conflict era over sixty-five years ago, can hold on awhile longer and that the need to recognize them at all for their gallant service is NOT a priority.

We were hoping Congressman RUSH and his staff of Illinois First District isn't one of them and to take a firm stance today, it's NOT too late and well ahead of Veterans Day to let "America's Forgotten" to be recognized with a slogan of: to be Forever Remembered of the Korean Conflict then.  Please let us know by return email, what information is need from your office to make this Sponsorship doable, in order for your immediate support to appear.

Having six (6) Illinois Congressional members plus IL. Rep. Quigley shows Cook County, Illinois stead-fast support for ALL those who served.  The Marine Corps League National HQ (MCL) is the first Congressionally Chartered veterans organization that officially endorsed HR-5222 to award the CGM for the combat KWV at its National Convention in mid-August recently held in Buffalo, NY.   charlie-mike out
