

MARINE CORPS LEAGUE

National Headquarters

To: National Commandant, Officers & Board of Trustees, Membership
From: Richard D. Gore Sr. Jr. Past National Commandant
Date: August 4, 2019
Subject: National Convention Report March 1, 2019 to August 4, 2019

Marines:

What a great transformation our MCL is undergoing in a few short years since 2015. Financial stability and responsibility, recruiting increasing, solidifying relations with "The Corps," a spectacular New HQ and much, much, more. We are indeed coming into the 21st century.

I hope that by now you are realizing that it is the T.E.A.M. working as a whole, that will make our great fraternity a success at whatever goals we set for our future. We must remember that together, as a T.E.A.M. we can accomplish the impossible because we are "Marines." DO NOT FIGHT CHANGE, it is inevitable that it has to come in order to remain current with the country and Corps as it changes and keeps up with the times. If you resist change you become stagnant. Marines do not know how to retreat, we only overcome and adapt for the future.

At the end of business Friday, I will no longer be on your BOT, but will truly become a PNC and work on behalf of the National Commandant. It has been a pleasure to represent all leaguers in the various positions, you have elected me to.

"FAIR WINDS AND FOLLOWING SEAS"

SEMPER FIDELIS

Richard D. Gore Sr. 61stPNC
Junior Past National Commandant
