

MARINE CORPS LEAGUE

National Convention Committee

Dennis Tobin
National Commandant
Marine Corps League

From: Jim Ransom
Chairman
National Convention

Subj: Mid-Winter Report February 2021

Sir Commandant:

Present status of the 2021 National Convention in Springfield is still active as having it. Obviously, we are awaiting information from the State of Illinois as to restrictions being imposed presently and months ahead.

The 2022 Convention for Daytona Beach is still a go also and the Florida Committee is working hard to get things in place.

In regards to the 2023 100th Anniversary Convention at this time have only two Departments bidding for this. They are West Virginia and Pennsylvania which have submitted written request to host this event.

Departments, Divisions and Detachments must keep in mind that we have Helms Briscoe as an agent for the Marine Corps League to work for us in obtaining Hotels for their events. There is no cost to them, and we have an (RFP) Request for Proposal in place stating all the requirements needed from a Hotel to have a Conference or Convention.

Respectfully submitted,
Jim Ransom
Chairman/National Convention
