Hello members all,

Since our National Convention it has been my pleasure, I have served at the direction of National Commandant Baker. We have had many zoom conferences which are beneficial in getting information, but I do enjoy meeting our members in person. The side stories make for an even better understanding as to where we are going. Unfortunately, our first post-convention, was postponed from September to this coming May.

We were able to monitor the activities that were needed to support those effected by the hurricane in Louisiana region.

I was glad that we had some areas opened up to us so that we could celebrate our Birthday. I was honored to be the guest speaker at the Lehigh Valley Detachment in PA. Ria you did a fabulous job. There were a number of local Veterans Day observances that I was able to attend.

I will be attending many of our upcoming Division Conferences. I look forward to seeing members one and all.

Respectfully submitted,

Warren Griffin

National Senior Vice Commandant
