RATIONALE:

In 2003, the President's Council on Service and Civic Participation founded the President's Volunteer Service Award to recognize the important role of volunteers in America's strength and national identity. This award honors individuals whose service positively impacts communities in every corner of the nation and inspires those around them to act. Marine Corps League Members serve hundreds and thousands community service hours. They can and should participate in the PVSA found under Points of Light for Certifying Organizations. The award and its certificate are from the President of the United States, our Commander in Chief, regardless of administration.

The PVSA has continued under each administration, honoring the volunteers who serve.

Respectfully Submitted,
