The Awards Committee has worked diligently the past year to process Awards Recommendations in a timely manner. We processed 21 total award requests and processed most of them within a few days of receiving them. We processed one (1) Distinguished Citizen -Silver and six (6) Distinguished Citizen - Gold, four (4) National Unit Commendations, two (2) Heroism Awards, and eight (8) Individual Meritorious Commendation requests. We also passed on Anniversary Requests for the Department of Washington (75th), Department of Arizona (50th), and West Virginia (50th). And finally, I'd like to recognize Marine John Miller from Washington who as a member of the committee who passed away this year. He was always ready to serve the committee even while dealing with health problems.
