

Marine Corps League

Established by an Act of Congress - 4 August 1937

29 March 2024

From: Glen Barry Evans, PDC
To: Chief Operating Officer, Marine Corps League
Ref: CHAPTER TEN, SECTION 10020, National Administrative Procedures
Subj: Amendment of National Administrative Procedures

In accordance with the Reference, the below Amendment to the National Administrative Procedures is proposed

Add new paragraph b. to Chapter Seven, Section 7020

Section 7020. Membership Application. Any person eligible for Membership in the Marine Corps League under the provisions of the National Bylaws and Administrative Procedures of the Marine Corps League may initiate application for membership by completing a Standard Application form to include the signature and presenting the application to a sponsoring member of the League with all required dues and fees. As an alternative, the applicant may mail a completed and signed standard application form to the National Headquarters with all required dues and fees.

- a. The standard application form shall be designed and approved by the National Board of Trustees and published by the National Headquarters.
- b. Departments and Detachments are authorized to modify the Standard Application by incorporating specific information to identify their organizational, such as their Name, Mailing Address, and the amount of their Dues. However, such modification(s) will be consistent with the form on the National MCL Web Site, and Detachments will not change the intent of any of the information provided in the Standard Application posted on the National Marine Corps League Web Site.

Rational: The Standard Application that is available on the National MCL Web Site has all of the data oriented to the National organization. This would allow each Detachment to "personalize" the form so that the identity, mailing address, amount of dues, etc., would reflect the local organization. It would have a more professional appearance than having to make several "pen-changes."

Semper Fidelis
