### 2026 Midwinter Report:

The National Bylaws Committee began reviewing proposals last month. As of this dated report, 15 proposals have been submitted and are currently made available to download and review from the National Convention page on the national website. We encourage all Detachments to begin discussing these proposals at their monthly meetings.

We will continue to organize and present the proposals in a manner that will streamline the discussion and voting process on the convention floor.

Respectfully submitted,

**Bruce R. Rakfeldt,**  
*National Judge Advocate*  
**Marine Corps League**
